Linen Matrix

How to use the Linen Matrix:

1. At the top of the matrix, locate the table size you will be using.
2. Then follow down the column until you locate the desired effect you want to linen to produce.
3. Staying in the proper column, move across to the far left side of the matrix
4. You now have located the linen size to order for the desired table/effect you want.

Panama Runner 20" x 120"										

Notes:

- 36" Card Tables: Use 108" or 90" Rounds
- Standard Dining Table height = 30" tall, Kiosk Tables = 42" tall
- You can also calculate the size of the linen based on the dimensions of the table.
 - For linens to the floor add inches from the ground to the table top + inches across the width of the table + inches from the table top to the ground for the width. Do the same for the length.
